

ELB - LED Panel Fixtures

Specifications

2x4 Panel

ELB-LED-PL-24-40-840-MV

Lumens: 3400 lm

Efficiency: 85lm/W

Wattage: 40W

Color temp available 3k, 4k, 6k

120-277VAC operation

1x4 Panel

ELB-LED-PL-14-40-840-MV

Lumens: 3400 lm / 4400 lm

Efficiency: 85lm/W and 110lm/W

Wattage: 40W

Color temp available 3k, 4k, 6k

120-277VAC operation

2x2 Panel

ELB-LED-PL-22-40-840-MV

Lumens: 3400 lm / 4400 lm

Efficiency: 85lm/W and 110lm/W

Wattage: 40W

Color temp available 3k, 4k, 6k

120-277VAC operation

Specification Features:

Design:

- Flat panel for recessed or wall mount
- High Efficient LED's
- DLC qualified fixture
- Projected Life 55,000Hrs.
- Driver operates on 120-277VAC

Construction:

- Premium extruded aluminum casing with sealed corners
- Finish is brushed aluminum / smooth
- Meets safety certification (UL /ETL)

Mounting:

- Recessed / standard drop ceiling
- Wall or ceiling mount

Controls:

- Optional dimming driver (0-10VDC)

Warranty

- 5 year warranty
